

REVO BASIC

LEDs:	Cree / Luxeon Rebel
Available colours:	Warm white 3000K, neutral white 4000K, cold white 6300K, amber, royal blue and red
Available lenses:	Spot, medium flood, wide flood and elliptical
Power supply:	110 - 265VAC
Power consumption:	Max. 20 Watt
Power factor:	0,95 (230VAC), 0,99 (115VAC)
Housing:	Anodised aluminum
IP value:	IP67**
Measurements:	100 x 130 x 170 mm (hxwxd)
Weight:	1,9 kg

COMPOSE YOUR REVO

This product series is unique in its kind, because the configuration of each fixture is almost entirely up to you. Versions with cables, track rail adapters or feed-through connectors, a blank aluminum housing (optional colours on request), LEDs in warm white, cold white, red or green, lenses with different angles: spot, flood or elliptical beam; everything is possible! Should you require a different lens or LED colour at any given moment in time, the REVO can simply be converted to 'a different product!' Configuring a REVO is extremely simple: Just choose from the different model options, housing colours, LED colours and lens types.

If you want to order a REVO, click [HERE](#) to download the REVO orderform.

PRODUCTS

More than 1400 configurations are possible to compose your own REVO. The product numbers below are just a small selection.

- R-1-1-01-1 CLS REVO Basic, spot 12° 8xCree cold white 6300K IP67
- R-1-1-02-4 CLS REVO Basic, wide flood 54° 8xCree neutral white 4000K IP67
- R-1-1-03-2 CLS REVO Basic, elliptical 12x46° 8xCree warm white 3000K IP67
- R-1-1-03-3 CLS REVO Basic, alu, 30° flood, 8xCree warm white 3000K IP67
- R-1-1-31-1 CLS REVO Basic spot 12° 8xRebel PC amber IP67
- R-1-1-31-2 CLS REVO Basic ellipt. 12x46° 8xRebel PC amber IP67

ACCESSORIES

- 110425 CLS REVO lens kit spot 12° 8 pcs of lenses
- 110435 CLS REVO lens kit medium flood 30° 8 pcs of lenses
- 110445 CLS REVO lens kit wide flood 54° 8 pcs of lenses
- 110455 CLS REVO lens kit elliptical 12x46° 8 pcs of lenses

ACCESSORIES

110435

871992

- 110555 CLS REVO LED kit warm white 2700K 8 pcs of LEDs
- 110565 CLS REVO LED kit neutral white 4000K 8 pcs of LEDs
- 110575 CLS REVO LED kit cold white 6000K 8 pcs of LEDs
- 110585 CLS REVO LED kit amber 8 pcs of LEDs
- 110595 CLS REVO LED kit royal blue 8 pcs of LEDs
- 110605 CLS REVO LED kit red 8 pcs of LEDs
- 110615 CLS REVO LED kit green 8 pcs of LEDs
- 871992 CLS mold set, straight 8-26mm
- 110790 CLS REVO Modular/Basic coupling

** The warranty on these armatures for outdoor use, only applies with a correct use of the CLS mold set (article no. 871992).

--- REVO BASIC ---

PRELIMINARY

CLS™ REVO BASIC

CLS's brand new REVO product line belongs to a revolutionary flexible new IP67 range of products that can be used for an enormous amount of applications. The REVO is designed in The Netherlands by a team of architectural specialists.

The REVO is customizable in a large degree for different purposes. Basically CLS offers three lines: REVO Basic, REVO Modular and REVO Retail.

The REVO Basic already offers a lot of unique qualities:

- IP67 Rating
- Easy interchangeable lenses. Within a few minutes a REVO can be rebuilt from a spot light to a flood light or any other type of beam angle.
- Easy interchangeable LED colours. The REVO is available in various versions concerning the colour of the LED. With the optional LED colour kits it's even possible to change the product within minutes to a version with a completely different colour.
- Very high light output. Due to the extreme cooling that is obtained

by the design of the product, the LEDs stay very cool. This ensures the maximum light output of the latest generation of Luxeon and Cree LEDs.

- Ready for the Future! Since the product is completely modular. Customers will have the possibility to upgrade the REVO in the future with higher output LEDs. Simply by switching the back plate it will be possible to upgrade the REVO Basic to a REVO Modular.
- Dutch Design and production! The housing is made of anodised massive aluminum CNC. This fixture reflects quality in every detail. Take a look at the bracket, the extreme cooling and the quality of the light.
- Expected lifetime of the LEDs is more than 50,000 hours. Should, in the rare event, an individual LED fail, then the failed LED can be replaced within minutes!

The REVO Basic is the ultimate outdoor design fixture for lighting up façades, bridges, pillars, sculptures, zoos and gardens. Its unique qualities make it the obvious choice for architects and designers worldwide.
